

# BEGINNING- AND END-OF-COURSE CHECKLISTS

These two checklists are based on the collective experiences of the team members in education and their deep knowledge of Canvas. The Beginning-of-Course Checklist is a starting point for ensuring your course is ready to go for student access at the start of a new course term. The End-of-Course Checklist is helpful to review when you are nearing the end of your course term.

## How To Use

A ★ rating is an **Essential** practice and a ★★ rating indicates a **Best Practice** criteria. Features that may or may not be utilized at the Institution will also be listed as **If Applicable**. Relevant help guides are linked throughout the text.

We know each institution has unique requirements for their courses, so we hope this document will serve as a great resource or starting point. *We'd love to hear how you're using this checklist. Please leave comments in the [Canvas Community - Beginning- and End-of-Course Checklist Post](#)*
